NOTICE OF INTENT TO ISSUE TENTATIVE APPROVAL NO. M/053/0001

BEFORE THE BOARD OF OIL, GAS AND MINING

DEPARTMENT OF NATURAL RESOURCES, STATE OF UTAH

IN THE MATTER OF TENTATIVE APPROVAL OF A REVISION TO THE MINING OPERATIONS PERMIT FOR THE GOLDSTRIKE PROJECT, TENNOCO MINERALS COMPANY, WASHINGTON COUNTY, UTAH.

TENNOCO MINERALS COMPANY, WASHINGTON COUNTY, UTAH, IS HEREBY REQUESTING A REVISION TO ITS MINING OPERATIONS PERMIT TO ACCOMMODATE DEVELOPMENT OF NEW OPEN PITS, THE ADDITION OF FOUR NEW WASTE DUMPS, AND THE REMOVAL OF EXISTING MINING OPERATIONS IN THE GOLDSTRIKE PROJECT, REVISED MINING ACTIVITIES WILL AFFECT THE FOLLOWING AREAS:

SECTION 17, NE/4 - Section 20, and NW/4 - Section 24, Township 39 North, Range 18 West, S1BM, Washington County, Utah.

Tenneco has submitted a revised permit application to expand their existing mining operation to include the following changes: The addition of four new open pits and the enlargement of the Padre Pit. A new waste dump will be established in Quail Canyon by damming the drainage and placing waste rock from onto this new waste dump. One new solution pond will be constructed and one of the existing ponds will be enlarged. Other changes include minor alterations to the sifting area to accommodate development of facilities within the mine area to accommodate development of the new open pits. The revision will add an additional 40 acres of surface disturbance to the originally approved (210 acre) mine plan.

The person representing the company is Mr. Ken Klusdsdahl, Mine Manager, P.O. Box 26860, St. George, Utah 84770. Phone (801) 574-3164.

The project revision may be permitted in one or two phases, if phase I is approved by the Board. Phase II would involve the remainder of the activities proposed under the permit revision.

Tenneco is fulfilling obligations under the Utah Mined Land Reclamation Act of 1975 (Section 40-8-1, UCA, 1953, as amended) with specific reference to Sections 40-8-1, UCA, and will employ the following mining and reclamation techniques on approximately 15,250 acres of federal and private land.

During Operations

1. Tenneco will mine 45 new open pits (total of 8) for gold ore. The ore will be crushed and removed to the leach pads for processing. The waste material will be placed in the tailing pile at a Merrill-Crowe plant located approximately 1 mile south of the miller. Mining commenced in 1988 and is expected to continue until December of 1992, with processing operations continuing until December 1993.

Following Operations

1. The leach pads and ponds will be decommissioned, graded, topsoiled, and revegetated.

2. All buildings and process equipment will be removed. Concrete foundations will be demolished and buried.

3. Two pits will remain, all others will be backfilled and reclaimed.

4. Existing pit highwalls will be bermed and/or fenced to minimize public health and safety concerns. Pit access/haul roads will be reclaimed and bermed to restrict access.

5. The Quail Canyon fill dam and the sediment dam will be left for livestock and wildlife watering.

6. The BLM will maintain a road through the mine site connecting Road No. 42529 with the County Road along East Fork of Beaver Dam Wash.

7. Of the 250 acres to be disturbed, 30 acres, associated with the pits, will be left unmined. The remaining disturbed areas will be graded, topsoiled and revegetated.

8. The entire funduse will consist of livestock grazing and wildlife habitat.

Any person or agency aggrieved by this notice of intent to issue tentative approval is hereby requested to submit written protest within thirty (30) days of the date of publication to the Division of Oil, Gas and Mining, 355 West North Temple, 3rd Floor, Salt Lake City, Utah 84143-1203, setting forth factual reasons for his or her complaint. Thereafter, at a time and place to be established, appear before the Board of Oil, Gas and Mining to show cause, if any, why this mine plan revision should not be approved.

DATED THIS 7th day of January, 1991.

STATE OF UTAH
DIVISION OF OIL, GAS AND MINING
